

STEP INTO...

HORTICULTURE

(Parks, Gardens & Green Spaces)

How to use this resource

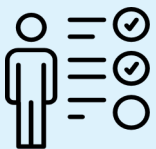

This guide is here to help you explore different job opportunities, understand how your skills can be applied in horticulture, and discover the pathways that can lead you to a fulfilling career.

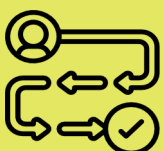

LMI: Learn about horticulture jobs, how many people are employed and the companies you could work for. This will give you a broad understanding of the job market.

Explore Jobs: Discover descriptions of different jobs to find ones that interest you.

Apply Your Skills: See how the Skills Builder Universal Framework can be used in jobs to develop skills like teamwork and problem-solving. Your tutor or adviser will help you to review your skills and rate your current ability. There is also an opportunity to provide your own examples.

Discover Pathways: Find out about education, training programs, and other resources to guide you on your career journey.

HORTICULTURE (PARKS, GARDENS & GREEN SPACES)

DO YOU LIKE...

1

Being outdoors

...spending time in nature, gardening, or exploring parks and forests?

2

Problem solving

...figuring out ways to help the environment or thinking about sustainable living?

3

Using tools

... trying out tools in class or helping out with home repairs?

4

Working with your hands

...building birdhouses, cleaning up outdoor spaces, or working on nature projects?

5

Care about the environment

...recycling, reducing waste, or learning about how to protect nature?

6

Growing plants or food

...planting seeds, helping in the garden, or learning about farming?

WHAT IS HORTICULTURE?

(Parks, Gardens & Green Spaces)

Horticulture is all about working with plants, trees, and green spaces. People in this area help grow food, look after gardens, and care for the environment.

Key careers areas include:

Gardeners: Plant and care for flowers, trees, and lawns in parks and gardens.

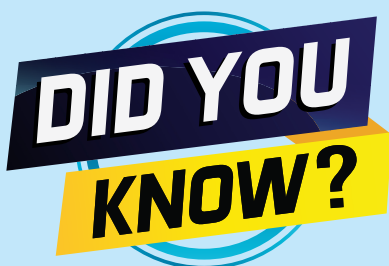

Greenhouse Workers: Grow fruit, vegetables, and plants in special indoor spaces.

Landscape Workers: Design and look after outdoor spaces like gardens, parks, and school grounds.

Jobs in horticulture are great for people who enjoy being outdoors, working with nature, and helping things grow.

Horticulture is part of the land-based industries in Tees Valley. You don't always need formal qualifications to begin, and many roles offer training through apprenticeships. That means you can start working outdoors with plants, gardens and green spaces while learning on the job.
